About me

When I became blind, I thought my life was over until I heard about aromatherapy through the Light and Healing Centre. My spirit was down before, but now I have confidence.

What are my goals & dreams

I'd like to help people with aromatherapy massage. My goal is to learn as much as I can about aromatherapy and become a professional aromatherapist.

What I am thankful for

I am thankful to become more independent through this work. I am also grateful for the opportunity to learn about the benefits of aromatherapy and how to massage. But I am most thankful for people who invest their time and money in blind people.

If you would like to book a treatment with me, please contact the Light and Healing Centre.

I look forward to meeting you!

Thomas
