About me

I am 38 years old, and I am in good health. I passed grade 10 in 1999 at Chris Hani Senior Secondary School. I am loyal and trustworthy, and I like to talk. I am also confident and ambitious. I'm the type of person who is always ready for a new challenge.

What are my goals & dreams

I'd like to be successful in my career and be part of an institution that would recognize my potential. I am a dedicated person and always put my best foot first.

If you would like to book a treatment with me, please contact the Light and Healing Centre.

I look forward to meeting you!
